Poetry Month P.2

Library Procedure Reminders

As we enter the home stretch for this school year, a few reminders:

- The library's calendar is online, please check it before contacting me to schedule a class. (find the calendar icon in the top left of the screen)
- The *best* way to schedule a class is by using the library's online form. It is password protected, but the password is simple: "lancer" (find the schedule-a-class icon on the top right side of the screen)

When writing a study hall pass:

- Only one (1) student per pass please (this cuts back on illegal piggybacking).
- Do NOT feel compelled to write a student a pass (or sign off on one) if the student is doing an assignment for ANOTHER teacher. The ideal scenario is students getting passes from the teachers giving the assignments.
- When you are running low on passes, please contact us for more before resorting to white passes, sticky notes, etc.

The Library's Destiny

The library has discontinued its OPAC program and is now running its catalog through Destiny (similar to the textbook program).

- The catalog can be found at destiny.bristol.k12.ct.us and will be available for home access starting this summer.
- In addition to a catalog interface you are familiar with, there is the new "Quest" version which is much sleeker and web-friendly. Preview it from school at bit.ly/ki8Enb.
